

Increasing Student Achievement through Evidence-Based Instruction

Due to popular demand, MiBLSi presenter, John Vail, returns for a repeat session...

Everyone talks about evidence-based practice in schools, but what does it really mean? Research can be confusing and lack relevance to the classroom. In this 2 part presentation, the works of influential researchers and practitioners such as John Hattie, Daniel Willingham, Doug Lemov, and others, will be pared down to practical classroom application for increasing student achievement.

Part 1: Tuesday, October 4, 2016 4:00 p.m. – 7:45 p.m.

Part 2: Monday, October 24, 2016 4:00 p.m. – 7:45 p.m.

To register, go to: www.maisd.com

Cost of \$25.00 includes a book by John Hattie, a light dinner, and 7 SCECHs (must attend **both** sessions)

Location: MAISD, Hamler Administration Building – Stanton

Suggested Audience: All teachers PK-12th grade including special education, administrators, ancillary staff
